District Elementary Education Officer,
in the State of Haryana.

Memo No. 3/38-2010 CEC (1)

Dated, Panchkula, the 26-8-2013

Sub: - Providing of Broadband connectivity in ICT Lab in 2622 Govt. High/Sr. Sec. Schools.

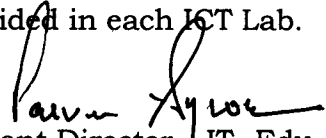

Please refer to the subject noted above.

It was decided that Broadband connectivity should be provided in all ICT Labs in Govt. High/Sr. Sec. Schools managed by M/s CORE Education & Technologies Ltd. The proposal to provide Broadband connectivity was taken-up with M/s BSNL vide letter No. 3/38-2010 CEC (1) dated 29.10.2010. However, BSNL could provide Broadband connectivity in 862 Schools only.

While reviewing ICT Scheme in 2622 Schools being implemented by M/s CORE Education & Technologies Ltd. it has been decided that Broadband connectivity should be made available in all the ICT Labs in Govt. High/Sr. Sec. Schools irrespective of availability by any company. It has also been decided that broadband connectivity should be arranged by the Principal/Headmaster of the concerned schools at their own level where Broadband connectivity is not presently available, by making payment out of contingency fund of school. It is further made clear that providing of Broadband connectivity in ICT Labs under ICT Scheme is the liability of the department as per provisions of contract agreement executed with M/s CORE.

It is therefore, requested that the above instruction may be issued /circulated to all the Principal/Headmaster of the Schools in your District to take immediate steps to get the Broadband connection from BSNL or any other company with maximum speed in those

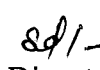

remaining schools where the Broadband connectivity to ICT Lab has not been provided. It may be ensured that the Broadband connectivity should be provided in each ICT Lab.

Assistant Director - IT- Edu.
for Director Secondary Education
Haryana, Panchkula.

Endst. No. Even

dated Panchkula, the

A copy is forwarded to all the Principal/Headmaster of the schools in the State of Haryana for information and strict compliance. It may be ensured that Broadband connectivity should be made available in ICT Lab immediately in case the connectivity does not already exists.
