Memo No. **1/101-2016-eGov**

Dated: 11.8.2016

Sub: Guest Teachers and their continuation in the school of MIS Profile.

Teachers Transfer Policy para 7(i)(c), inter alia, provides that post occupied contractual/ guest teachers shall not be considered as vacant for the purpose of transfer of teachers. To ensure this objective all guest teachers were asked to get their MIS Profile approved from the stations where they were working so that the application software can accordingly be set to keep their post segregated from the posts which were available to other regular teachers for seeking transfers thereon. Most of the guest teachers got approved their service profile accordingly. The list of guest teachers having MIS profile is attached herewith.

But it is also a fact that as a result of promotion postings of PGTs on 17.6.2016 a few guest teachers got displaced from their schools even though such guest teachers had already got their MIS profile approved from the same school. This was because the postings given to the promotee PGTs was through manual mode as the application software was not in use at then. Consequently, these few guest teachers who received their adjustment from the Directorate are working at different stations from the ones where their MIS profile is approved. As the Department is going to launch the next phase of transfers/postings for the "Anywhere in State" category, promoted PGTs, some direct recruits through application software, therefore, the few guest teachers, who are working at stations other than the stations of approved MIS profile, need to be restored to the proper stations.

Accordingly, it may be ensured that such guest teachers who are working at stations other than the stations of MIS profile approval be relieved and asked to join at the schools mentioned against their name. This streamlining is urgent. If any guest teacher delays the joining as per the decision hereinabove then stringent punitive action may follow.
