Due to some technical snags, the MIS portal has been attended by the technical personnel for necessary corrections to make it function smoothly. In the meanwhile, some teachers might have submitted/saved their preferences. These teachers and all other participants are advised to fill-up their preferences/vacancies all over again by using reset functionality because after corrections in MIS new vacancies may appear in the login IDs and such vacancies may be suitable for the participants.

The last date for filling the preferences has been reset for 29.11.2016 (11:59:59 PM)
