NOTICE(regarding 2nd transfer drive of PGTs)

MKCL the MIS vendor has informed that some new issues have cropped-up while processing the drive, accordingly they have expressed their inability to start the MIS portal for accepting the preferences today as these issues require more time for resolution.

The MIS Vendor has been informed that the present drive has an added significance because some of the promotee teachers are going to retire in November month only, if such teachers are not given posting within this month then their opportunity of career progression may be lost. Further, other teachers have also been looking forward to early launch of the drive to get permanent settled deployment.

After taking into account the above facts, the vendor has informed that it will be able to start the drive tomorrow only.
