### Notice

(Regarding 2<sup>nd</sup> transfer drive of PGTs)

2<sup>nd</sup> transfer drive of eligible PGTs (List attached) has been started with the functioning of MIS portal.

#### Main Features

1. Eligible participant teachers can opt for schools and zones afresh.
2. Participant teachers have been divided into two categories
  - i. **Compulsory Participants:** These are the participants who will have to necessarily opt for a minimum necessary number of stations as per policy. They will be transferred in 'Anywhere in the state' if they do not choose stations and then confirm their choices by submitting successfully.
  - ii. **Optional Participants:** These are the participants who will have choice to fill their preferences or not. In case these participants choose not to fill their preferences completely then it will be presumed that they do not want their transfer from their present stations, accordingly they will be retained at their present stations.
3. The posts occupied by all eligible participants will be shown as deemed vacancies to each other. However, in case any "optional participant" do not fill and confirm his choices, then the deemed vacancy created by him would not be finally used for allocation to the other participants.
4. Para-3 may give a situation to some participants where the vacancies opted by them may get reduced due to non-participation of optional participants, if any.
5. Para-3 & 4 will collectively offer a dynamic, flexible, fair and transparent opportunity where an "optional participant" will be able to change his choice for transfer by setting/resetting his preferences at any time till the closure of preferences. It will save them from sending requests for editing 'Yes/No' or preferences.
6. The options for preferences shall be had upto 08:59:59 AM of 17.12.2016.
7. Likely date of generation of transfer orders will be 19.12.2016 or prior to it.
