To

**All DEOs
All DEEOs in the State**

**Memo No. 1/1-2016 EC(1)
Dated, the Panchkula 16.08.2016**

Subject

**Observation of Environment Week in all the Government Schools and
Education Office from August 7-14, 2016.**

As you know that an elaborate plantation program in all Government School in Haryana has been under taken and Environment Week celebrated from 7th to 14th August, 2016.

In this context detailed guidelines and necessary arrangements to be made in this regard were sent to all of you well in advance vide the office letter No. 4/14-2016-RTE(1) dated 1.08.2016 from Joint Director (Admn) by another letter No. 4/14-2016-RTE(1) dated 04.08.2016.

Reports are pouring in from the DEEOs who have been compiled with the instructions and celebrated the environment week from 7th to 14th August, 2016 successfully. They deserve to be congratulated for the efforts and pains they took in achieving the targets set forth for the planting samplings/trees in the primary, middle. Higher and Senior Secondary Schools in their respective districts.

However, it has come to the notice of the Department that some schools could not observe the Environment Week for lack of awareness and information.

Since the observance of the Environment Week is a must. therefore it has been decided to give you another ten days time from the issue of the letter for ensuring compliance of planting trees/ samplings as per norms set forth in the letters already sent to you.

You are further directed to send your reports immediately after doing the needful.

Please direct the principals of the respective schools of your district that they invite parents and SMCs to school on a suitable date and time and make them take an oath for elimination of environment pollution. Duties may also be assigned to the parents, community members, students and teachers to take care of the saplings/plants for next 3 years religiously & faithfully.

Please also ensure that the trees/plants samplings have small plates/tags of the students/daughters after whom they have been named.

Although you have already been sent letters containing guidelines/instructions in the context of Observance of Environment Week, however a bunch of this is again enclosed herewith to facilitate you for acting upon the above mention direction within the stipulated period positively.
